

## **YOUR DERMAPLANE APPOINTMENT**

We are so excited to see you for your upcoming Dermaplane experience! Review the list of contraindications below and if any of them apply to you, please reach out to the salon, as we may not be able to provide the service for you at this time.

---

### **You may not be able to receive this service if:**

You have had Botox or fillers within 1 week of your scheduled service.

You have used Retin-A within 1 week of your scheduled service.

You have used Accutane or Isotretinoin within the last 6 months.

You have had chemical peels or laser treatments within 14 days of your scheduled service.

You have skin prone to keloid scarring.

You are taking blood thinners of any kind, including high doses of Aspirin.

If you have uncontrolled diabetes.

If you have any cold sores or open wounds present.

If your skin is sunburned, windburned, or infected (such as open acne/breakouts).

If you have inflamed Rosacea.

If you have cancer or high anxiety.

If you are allergic to stainless or carbon steel.

---

As long as none of these apply to you, we look forward to seeing you for your upcoming dermaplane facial. Please remember to come with clean, makeup-free skin.

We look forward to seeing or hearing from you soon!
